

Advance Immigration Clearance for the United Kingdom

Your passport details and additional information contained on Part 1 and Part 2 of this form are being passed to the United Kingdom Immigration Service to facilitate the advance screening of your flight and quicker passenger processing on arrival at London - Luton Airport.

Part 1 of this form replaces the landing card normally completed on arrival in the UK and completion is compulsory [for all non-EEA nationals].

Part 2 of this form contains the information usually necessary to enable the UK Immigration Service to decide your application for leave to enter in advance. Completion of Part 2 is voluntary but is necessary for advance immigration clearance.

Once the completed form has been passed to the UK Immigration Service, your application for leave to enter will be considered. The form will then be endorsed with the appropriate conditions and returned to Harrods Aviation, who will return the form to you.

Please note Your passport will not be stamped and this form should be retained at all times whilst in the UK, as evidence of your permission to enter the UK.
